## 1 What's Our Name?

In the "Values Sticker Swap" activity, elementary school students each receive a deck of stickers or cards with messages related to core values like leadership, compassion, honor, justice, and self-discipline. The goal is for students to interact with their peers and other students throughout the school to exchange stickers. By the end of the activity, every student will have a deck of stickers, each with different messages, promoting a deeper understanding of these important values and encouraging meaningful discussions with their classmates.

## 2 Activity Description

To teach our students the core values of justice, honor, and self-discipline through a cards or sticker exchange activity that promotes sharing and reflection.

## **2.1 Objective**

Students will gain a deeper understanding of the school's core values: justice, honor, and self-discipline through discussions and brainstorming sessions. They will learn to connect these values with real life examples and how they shape our school's culture.

## **2.2 Overview**

- Materials Needed:
  - Stickers with various messages related to the core values enough for each student to have a deck.
  - Markers or colored pencils
  - Small envelopes or bags (one per student)
  - Classroom or open space for group activities
  - Timer or stopwatch
- Duration:
  - Approximately 60-90 minutes

## **2.3 Introduction (10 minutes)**

- Gather the students in a circle or around a designated area.
- Explain the purpose of the activity: to explore and understand the school's core values through sticker or card exchange.
- Discuss briefly what each core value means to ensure everyone understands.

## **2.4 Preparation (10 minutes)**

- Distribute a deck of card or stickers with the same messages to each student. Ensure that each deck has the same set of messages.
- Instruct the students not to open their decks yet.

## **2.5 Card or Sticker Exchange Rules (5 minutes)**

- Explain the rules of the card or sticker exchange.
- Each student will start with their own deck of card or stickers (all same message).
- They should approach other students and ask to exchange one sticker from their own deck with one from the other student's deck.
- Encourage students to talk briefly about the message on the cards or sticker they're exchanging.
- Set a timer for the exchange phase.

## **2.6 Card or Sticker Exchange (15 minutes)**

- Allow the students to roam and exchange stickers with their classmates and other students around the school.
- Monitor the activity to ensure students are engaging respectfully and following the rules.

## **2.7 Reflection and Discussion (15 minutes)**

- Bring the students back together and have a group discussion.
- Ask them to share:
  - Which stickers they exchanged and from whom.
  - What they learned or discussed during the exchanges.
  - How the stickers they received made them feel or think about the core values.

## **2.8 Poster Creation (15 minutes)**

- Divide the students into small groups, with each group focusing on one core value.
- Provide index cards and markers to each group.
- Instruct each group to discuss and write down what the core value means to them and why it's important based on their card or sticker exchanges.
- Encourage them to share personal experiences or stories related to the value.

## **2.9 Presentation (10 minutes)**

- Have each group present their posters to the class, incorporating insights gained from the sticker exchanges.

## **2.10 Closing (5 minutes)**

- Summarize the activity and its importance in promoting the school's core values.
- Encourage students to continue reflecting on and practicing these values through their sticker collections.

This activity encourages students to interact with others, share ideas about core values, and reflect on the messages they receive through the sticker exchange. It promotes a deeper understanding of the values and how they can be applied in their lives.
