## Bell Schedule

A bell schedule specifies the start time and duration of one or more instructional periods on each day of a day pattern. A consistent daily schedule and step-by-step routines give children a predictable day. A Bell Schedule helps children:

- Feel in control of their environment
- Feel safe, secure, and comfortable
- Know what is happening now and what comes next
- Know how to do an activity or task
- Engage in learning

Just like adults, children feel more confident and secure when their daily activities are predictable and familiar.

### PS 192 | Bell Schedule

| Period | Start Time | End Time | Length     |
|--------|------------|----------|------------|

## Promotional Criteria and Grading Policy

Chancellor Regulation A-501 implements a system-wide promotion policy with clearly defined standards for promotion for each grade. The P.S. 192 Promotional Criteria Policy provides the process and procedures for the implementation of this promotion policy. This policy is effective as of September 5th, 2024.

This policy is being promulgated in the context of the following goals established by the Chancellor's Regulation A-501:

All students in Kindergarten through grade 5 will meet or exceed rigorous academic standards in a performance-based core curriculum. In grades 3 through 5, all students will meet or exceed the promotion standards referred to in this regulation, and set forth in DOE issued guidance, in order to be promoted to the next grade and, ultimately, to be prepared for college and careers.

- The entire school community will be engaged continuously in creating and supporting effective strategies for improved student achievement.
- A comprehensive student assessment system, aligned with established State and City performance standards, will be used on an ongoing basis to measure student progress and to improve classroom instruction.
